

GROWTH MINDSET

Growth vs. Fixed Mindset

Having the right mindset can change **EVERYTHING!**

When you have a mindset, you believe anything is possible. When you have a mindset, you limit what is possible.

Growth Mindset

Growth mindset is:

The power of Yet!

Add the word "yet" to the end of each sentence to change it from a fixed mindset to a growth mindset.

A cartoon brain character with arms and legs is holding up a lightbulb. The lightbulb is glowing and has the text "The power of Yet!" written next to it.

Interactive Learning Guides

WAIT!

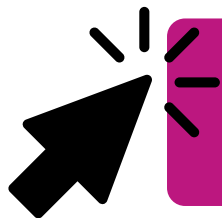

Thank you for considering this LINKtivity for your classroom, but before you make a decision - you should know that you can get **access to this LINKtivity + PLUS our entire library** for about the same price as a single LINKtivity!

The results are in: **Teachers LOVE LINKtivities...** and want more! So, we've made it SUPER easy and cost effective for you to access any and ALL of our LINKtivities inside our LINKtivity Learning membership option! Instead of purchasing just ONE LINKtivity - why not get access to ALL of them... for about the SAME PRICE!

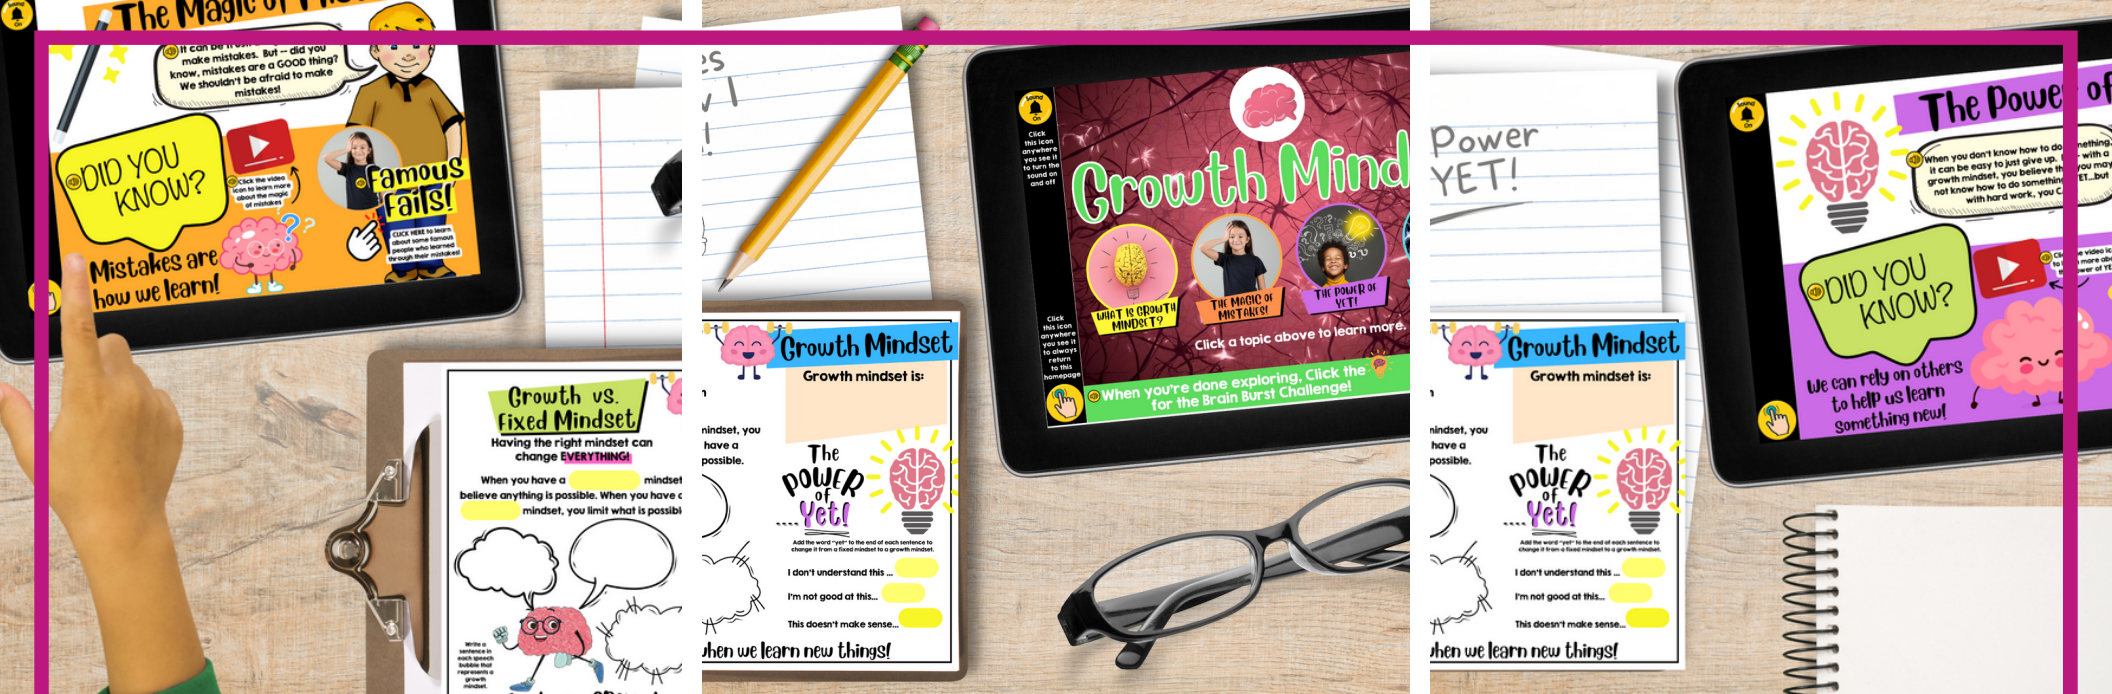

INSIDE THE MEMBERSHIP YOU'LL HAVE UNLIMITED ACCESS TO:

- ✓ The **entire growing LINKtivity® library** inside the Membership (LINKtivities for all content areas)
- ✓ ALL **future LINKtivities** to be added to the membership (new releases each month!)
- ✓ **Teacher guides** to help you set up each LINKtivity® successfully in your classroom
- ✓ **Student resources** that go along with each LINKtivity (printable OR digital)
- ✓ **Kid-friendly rubrics** and **answer keys** for each LINKtivity®

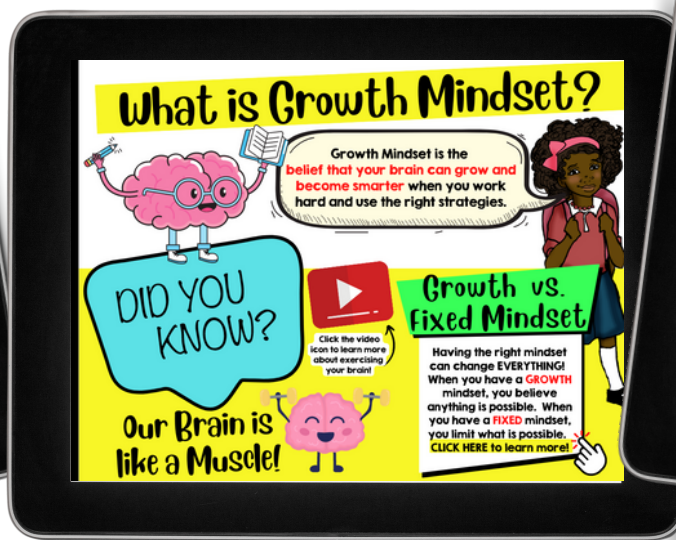

JOIN NOW

Inside the Growth Mindset LINKtivity, students learn the difference between a growth and fixed mindset, the power of "yet" and how having the right mindset can help them grow as learners. Students will learn through animated video, interactive activities, digital magnetic poetry, and more!

Growing Our Brains

We have the ability to grow our brains! With a growth mindset, our brains work hard, get stronger, and GROW in knowledge!

DID YOU KNOW?

Our brains GROW when we learn new things!

Click the video icon to learn more about growing our brains!

CLICK HERE to learn about the neurons in our brains.

Neuron a brain cell

Our brain is made up of cells called **neurons**. Each neuron is made up of several parts that help pass on information that we use to do new things! When the **axon** of one neuron makes a connection to the **dendrites** of another neuron, we become smarter! The more we try new things, the more neuron connections we make, AND the smarter we become! Even making mistakes and learning from our mistakes helps us make neuron connections!

Each dendrite on a single neuron can make a new connection! That's a LOT of learning and a LOT of growing!

axon

dendrite

neuron brain cell

Read each sentence below. Then, drag the "...yet!" word card to the end of each sentence. Reread the sentence and say the word "YET!" at the end of the sentence. Notice the shift from a fixed mindset to a growth mindset!

I can't figure out this new math...

I don't know how to score a soccer goal...

I haven't learned how to play the violin...

I can't read that challenging book...

I'm not sure how to solve that problem...

The POWER of Yet!

Drag the "YET" cards below to the end of each sentence.

Growth Mindset

Having a GROWTH mindset means that you're willing to challenge yourself, make mistakes, and keep trying until your brain grows and learns something new!

Growth Mindset Sounds like...

I'm learning from my mistakes!

I won't give up!

I'll keep trying!

Fixed Mindset

Having a FIXED mindset means that you believe that your brain doesn't have the ability to grow smarter.

Fixed Mindset Sounds like...

This is too hard for me!

I'll never get it!

I'm not smart enough!

BRAIN BURST!

Complete each Growth Mindset activity below.
